NUMBER 4.

LIFE SAVING SERVICE

Annual Report of Superintendent Kimball.

AN EXCELLENT RECORD MADE.

But Fifty Lives Lost in Sixty-Two Wrecks—Over Three Thousand People and Five Million Dollars' Worth of Property Saved.

WASHINGTON, Nov. 26.—Mr. Kimball, superintendent of the government life saving service, reports that at the close of the last fiscal year the establishment embraced 238 stations—178 on the Atlantic, 48 on the lakes, 11 on the Pacific and one at the falls of the Ohio, at Louisville.

The results of all the disasters within the scope of the service aggregate, therefore, as follows: Total number of disasters, 491; value of property involved, \$7,020,805; total value of property saved, \$5,783,960; total value of property lost, \$1,236,845; total number of persons on board, 3,491; total number of persons saved, 8,441; total number of persons lost, 50; total number of persons succored at stations, 551; total number of days' succor afforded, 1,510; total number of vessels lost, 62.

In addition to persons saved from vessels there were forty-six others rescued, who had fallen from wharves, piers, etc., and who would have perished but for the timely assistance of the life saving service. The crews saved, without outside assistance, 188 vessels, valued with their cargoes at \$1,486,870, and assisted other efforts in saving seventy-nine vessels, valued with their cargoes at \$1,802,110, making the aggregate number of vessels which they saved and assisted to save during the year 247, involving \$3,288,980 of property. Assistance of minor importance was rendered to 238 other vessels in distress, and 210 were warned from danger by the signals of the patrolmen.

The cost of the maintenance of the service during the year was \$940,201.04. The saving of imperiled property was proportionately greater than in any former year with a single exception.

The following table give a summary of the statistics of the service from the introduction of the present system in 1871 to the close of the fiscal year:

Number of disasters, 5,943; value of property involved, \$96,357,964; value of property saved, \$71,641,942; value of property lost, \$24,711,002.

Number of persons involved, 49,874; lives lost, 600; persons succored at stations, 9,242; days succor afforded, 24,239.

Since the last report stations have been established and put in operation at Knob's Beach, (near Newburyport); Great Neck, (Nantucket Island), Mass.; Marquette and Bois Black Island, Mich., and Coos bay, and at the mouth of Umpqua and Coquille rivers, Ore., and stations are in process of construction at Burnt Island, (near the mouth of St. George's river), Maine; Quonocontang, R. I.; Fenwick's Island, Del., and Ilwaco Beach, Wash.

Extensive repairs have been made to twenty-six stations on the coast of North Carolina and Virginia, and similar work is being done upon several of the stations between Cape Henlopen and Cape Charles.

The Sandy Hook, Seabright and Cold Springs stations, N. J., and the Ocean City station, Md., have been rebuilt.

Considerable extension of the service telephone system has been made in connecting stations in the vicinity of cities with the local systems affording ready means of obtaining tugs and other aids on occasion of disaster, and a new line is being constructed connecting the stations on the Rhode Island coast.

The general superintendent invites attention to the embarrassment under which the service labors owing to the frequent resignations of trained men who leave the service for better compensation outside at less hazardous vocations.

He states that this exodus of experienced surfmen, shown in the last report to be more than 30 per cent., has continued during the past year, and it is obvious, unless speedily checked, the efficiency of the corps will be seriously impaired.

Many, who would otherwise leave, are retained by the hope of better wages in the future, excited by former recommendations, and by the merits of the case which they think ought to be apparent.

CRUSHED BY A LANDSLIDE.

Twelve Men Killed and a Number of Others Injured.

TACOMA, Wash., Nov. 26.—One of the worst accidents in the history of the Northern Pacific railroad occurred about noon Wednesday, at Canyon Station, on Green river, about one hundred miles west of Tacoma. About sixty workmen were sent to the locality of the recent landslides to repair washouts on a branch of the main line.

While thus employed at the base of a high bluff several thousand yards of shell rock suddenly tumbled on them beneath, instantly killing twelve, wrecking about 300 yards of roadbed and carrying two men into the river and burying several others, some of whom it will be impossible to rescue alive. Physicians and relief trains have been sent from all available points and a large force of workmen are engaged in trying to rescue the buried men.

Fatal Hunting Accident.

MUNCIE, Ind., Nov. 26.—While out hunting Charles, son of George W. Parker, a farmer, near Muncie, received fatal injuries. A companion named Harve McBride, of this city, shot a rabbit, and young Parker, standing on a stump, clapped his hands in applause. This caused his gun to fall and it was discharged, tearing off his left arm at the elbow. He bled to death at midnight.

English, Ind., Nov. 26.—While

MARRIED A BONAPARTE.

Great Society Event Takes Place in the City of Rome.

ROME, Nov. 26.—This city was the scene Wednesday of one of the greatest weddings of the period. Lieutenant Gotti, of the Italian army, was married to the Princess Marie Leonie Eugene Bathilde Caroline Jeanne Julie Zenaida Bonaparte, daughter of Prince Napoleon Charles Bonaparte, and of the Princess Christine Ruspoli Bonaparte, a brother of the great Napoleon, and also descended from Joseph, eldest brother of Napoleon and King of Naples and of Spain.

It may be mentioned that Ruspolis, the bride's ancestors on the maternal side, are a famous and princely Roman family of Scottish origin, and one branch of which is connected by marriage with a well known New York family.

The wedding was honored by the presence of Italian royalty, and the officiating priest was Cardinal Lucien Bonaparte, who is both a prince of the church and a temporal prince, and head of the branch of the Bonapartes to which the bride belongs.

The groom is of good family, and has an excellent army record. He is noted for his good looks, and by these seems to have won his way into the exclusive house of the Bonapartes. Prince Napoleon, Charles, father of the bride, is considered fabulously rich in Italy, though he would not cut much of a figure in London or New York. He made the bridegroom happy by the assurance of 25,000 francs a year to take care of his wife with.

There was a large gathering of Italian nobility, irrespective of party, for the Italian Bonapartes, as the Lucien branch is called, are equally popular with the adherents of the pontiff and the king. The Ruspolis were there in numbers, wearing the badges of a nobility that dates back in Rome over 700 years. Then there was Duke Ugo, of Boucompagni, and Prince Paolo Borghese and Prince Brancaccio and Colonna, and the representatives of other ancient houses, with names famous in the history of the Roman states.

The presents were sumptuous both in quality and value, and included gifts from King Humbert and Queen Marguerite. It is the purpose of the king to bestow upon Lieutenant Gotti a title of nobility, so as to bring him nearer in rank to his princess bride.

STORM OVER LAKE ERIE.

Great Destruction Done by Last Monday's Blow.

CLEVELAND, Nov. 26.—The experience of Lake Erie fishermen in Monday's storm was one of the roughest on record. Many of the fishing schooners only made port after great difficulty and with the assistance of tugs. One Fairport fishing steamer was compelled to throw overboard five tons of fish in order to reach port.

A Lorain schooner with four men was wrecked and the crew were lost to the stakes of the pound nets twenty-six-hours, and were in an exceedingly precarious condition when rescued. Tons of fish were spoiled or thrown overboard.

MORMON ELTERS

Creating Much Indignation in an Indian Community.

WASHINGTON, Ind., Nov. 26.—Two Mormon missionaries from Utah are preaching in this locality, and have succeeded in making a number of conversions. They say they have come here to stay, and have circulated a paper to procure aid to erect a church at Tom's Hill, three miles west of here. The better class of the people of the Hill are very indignant because of the determination of the elders to stay, and mutual threats are often heard. The prevailing opinion is that the Mormons are too intimate with certain of the female members of their flock, several of whom have testified in public that the elders administered to them and cured them of aggravating diseases. An outbreak would not be a surprise, for it is talked about that the elders will be made to leave the country.

Twelve People Killed.

SAN ANTONIO, Tex., Nov. 26.—J. R. Coleman, an American, engaged in business at Guanajuato, Mex., has just arrived here and brings particulars of an accident which took place in that city last Sunday, resulting in the killing of twelve people and the serious injury of nine others. Several hundred people had assembled in a bull fighting arena to witness a fight between two goats when a part of the amphitheater gave way. The heavy timbers fell on the motley crowd, crushing men and women beneath their weight.

Thousands of People Sick.

DAYTON, O., Nov. 26.—An epidemic of influenza, grip or malaria, has prevailed here through all of this changeable November weather. Fifteen thousand people in this city are affected, and in some neighborhoods entire families are down. Fatalities seem to be chief among the older citizens. Hundreds of house and kitchen girls are sick, and the makes that kind of help in great demand.

Died While Shaving.

NEW LEXINGTON, O., Nov. 26.—Frank Lower, aged forty-one, was found dead in his kitchen Wednesday morning. He was addicted to drink, and heart trouble was the cause of his death. The supposition is that he died Tuesday about o'clock. One-half of his face was shaved and the shaving utensils were found by his side. His family, wife and three children, were absent from home.

ENGLISH, Ind., Nov. 26.—While Edward S. McLaughlin and family, of West Fork, were driving home in a wagon, a tree blown down by the wind struck the wagon, and Mr. McLaughlin and his wife had their legs broken. The children, seated in the rear part of the wagon, escaped unharmed.

Three Years in the Penitentiary.

PHILADELPHIA, Nov. 26.—In Germantown the knitting industry is almost at a standstill, and the manufacturers say that trade has not been so dull for many years. Many of the factories have shut down their dye-houses and other parts of their mills on that account. Few orders have been received for the spring trade.

Knitting Industry at a Standstill.

MEMPHIS, Nov. 26.—W. B. York, the ex-editor, whose arrest for passing one dollar bills to tens, was announced a few days ago was indicted Wednesday, pleaded guilty and was sentenced to three years in the penitentiary. He will leave for the penitentiary Saturday.

Slavin and Jackson to Fight.

CHICAGO, Nov. 26.—Parson Davies has received a telegram from the National club, of London, stating that Slavin has signed articles for a fight with Jackson, and that they have been forwarded for the latter's signature. Slavin will sail for this country Dec. 9. Jackson has also written the "Parson" that he will be ready to leave San Francisco as soon as necessary prepared to fill any engagements that may have been made.

THE CHILIAN WAR.

Another Account of the Bloody Conflict.

CHAPLAIN OF THE BALTIMORE.

An Interview with One Who Saw All the Events of the War from the Deck of the United States Cruiser Baltimore. There Will Be No War with the United States.

DENVER, Nov. 26.—Chaplain J. P. McIntyre, of the United States cruiser Baltimore, is in Denver on a visit to his brother. To a reporter Mr. McIntyre told of the revolution which had bathed Chili in blood from the nitrate beds to Valparaiso. His words have a special value, as coming from one who, from the quarter deck of the Baltimore, saw all the earlier events of the war.

"I left Chili," said Mr. McIntyre, "before the assault upon our sailors in the streets of Valparaiso, but I saw all the events before that, and the things leading up to it, and I have had frequent and lengthy letters from Captain Schley and other officers.

"I observe that many people in this country are still in doubt as to the attitude of Minister Egan toward the two parties in Chili. I want to state that Mr. Egan did not sympathize with either side. He held himself strictly neutral and participated in the stormy event just as little as his position would allow. The only thing for which I can possibly criticize is a little over zeal in protecting those refugees who he took into the shelter of the consulate. The real cause of the enmity of the Chilians toward the United States is already a matter of history.

"When the insurgents were landing at Coquimbo the Baltimore witnessed the event as it was her duty to. She was kept constantly cruising up and down the coast watching closely all the military movements in order that the American interests might be fully guarded. In this instance, seeing what the landing of the insurgent forces really meant, Captain Schley proceeded at once to Valparaiso and notified Minister Egan. He did not give the news to Balmaceda. He acted quietly and secretly, and the minister immediately warned the American residents. Minister Egan gave no information other than his action in the line of protection to his countrymen.

"You want to know if there is any possibility of war between the United States? Most certainly, no. It was once stated that Captain Schley stated that war was inevitable. I have a letter from him authorizing me to deny that statement. He is a cautious, prudent man and always knows what he is talking about.

"There will be no war with Chili. Her citizens know their weakness, notwithstanding their pugnacious proclivities. Diplomats may talk and argue upon the subject of war, but the officers of the navy know that there will be none."

LONG LIFE ENDED.

Shadrack Nugent Ends an Existence of 131 Years.

WASHINGTON, Nov. 26.—Shadrack Nugent died at his home, 2216 M Street, Wednesday, with the firm belief in his mind that he had passed the age of one hundred and thirty-one years. He has always been decided in the assertion of his age. According to his reminiscences he was twenty-one years old at the close of the revolutionary war. He leaves three children, the eldest being sixty-eight years old.

Nugent was a negro, and was born in Maryland. It is probable that he confused the war of 1812 with the revolutionary war, which would have made him, at the time of his death, a little more than a hundred years old.

Not Extraditable.

SACRAMENTO, Nov. 26.—Wednesday Governor Markham addressed a letter to District Attorney Barnes, of San Francisco, a letter in regard to the attorney's request that the governor should ask for the extradition of Chris Buckley and Samuel Rainey, who are now in Montreal, and against whom indictments for bribery have been found by the San Francisco grand jury. Governor Markham says the offense charged is not included in the treaty with Great Britain and precedents are against making such a request on the ground of comity. Nevertheless he will forward the papers to the secretary of state at Washington for his action.

Chili agrees not to discount the expense of the war and to subrogate Bolivia with \$4,000,000, owing to the sufferers in the late war.

HEARTLESS MOTHER-IN-LAW.

Bridegroom Arrested for Making a False Affidavit.

JEFFERSONVILLE, Ind., Nov. 26.—On July 18 John Gilbert, of this city, and Maggie Maloney, of Clarksville, eloped from here, and on an affidavit sworn to by a young fellow named Herry, were issued a license in Floyd county and married by a justice in New Albany. The bride and groom both expected, as a matter of course, to be forgiven, inasmuch as they were married in due form, and seemed to have no apprehension. Neither did Herry.

But in this case the mother of the bride proved obdurate and immediately took steps to prosecute, not only the fellow who swore that Maggie was of age, but also the bridegroom. Both were arrested and put in jail, where they languished together until the groom was released a few days ago on bond. The young and rather unfortunate couple are now living together in this city. One would think that the mother would relent. She has no idea of doing so. Indeed, she proposes to send both groom and Herry to the penitentiary if she can.

The daughter clings to her husband and declares she will wait for him if he is sent up. It is the first prosecution of the kind in the county, probably in the state, and bears no resemblance to that which sent two Louisville toughs to prison. Gilbert is an honest man and seems to have married the girl from honest motives. It has occurred once or twice that irate Kentucky parents have prosecuted the affidavit-makers, but here a mother-in-law is prosecuting her bona fide son-in-law, who honestly loves her daughter. If she succeeds, a pardon will be in order. Gilbert's trial began Wednesday.

ONE OF BALMACEDA'S MINISTERS

Shot by a Government Picket While Attempting to Escape.

NEW YORK, Nov. 26.—A Valparaiso dispatch to The Herald says: Francisco Concha, one of Balmaceda's ministers of justice, was shot by the government pickets, in the Cordilleras pass, while he was endeavoring to escape into the Argentine Republic.

Senior Concha applied to United States Minister Egan two weeks ago for an asylum in the American legation. His application was refused on the ground that the list of the refugees in the legation had been furnished to our government and Chili, and that the minister did not feel justified in adding to the number of refugees already under the protection of the American flag. Thereupon the unfortunate man made the attempt to escape from Chili with the above fatal result.

Alfred Delano, treasurer of the junta, has filed a balance sheet of the congressional army and navy expenses, as also the money used to hire transports. Inclusive of everything the amount, in round numbers, is \$15,000,000. Of this amount Don Juan Edwards donated \$25,000.

BOLIVIA AND CHILI.

Brief Summary of the Revised Treaty of Peace.

PANAMA, Nov. 26.—Following is a brief summary of the draft of the new or revised treaty of peace to be entered into between Bolivia and Chili. It has not yet been accepted in Bolivia:

Bolivia grants Chili the exclusive right of sovereignty over the littoral province of Cobija and Perpetuum, and Chili cedes to Bolivia the free right of commercial transit through the port of Antofagasta, recognizing at the same time the sovereign right that Bolivia has of establishing custom houses on her frontier, without any restrictions other than those agreed upon when the convention of truce was signed in 1885.

Chili agrees not to discount the expense of the war and to subrogate Bolivia with \$4,000,000, owing to the sufferers in the late war.

Another Bear Story.

COLUMBUS, Ind., Nov. 26.—About 2 o'clock last Tuesday morning, while the rain was pouring down and the wind was blowing a hurricane, section foreman Thomas B. Cranch, on the Cambridge City branch of the Pennsylvania lines, near Falmouth, went over his section on the lookout for falling timber and other obstructions. While passing through a swamp near Ging's a large animal suddenly came up out of the morass and sprang upon the car. The section men thought it was a Newfoundland dog, but upon closer examination the animal proved to be a good-sized black bear. The brute was clubbed off twice before he abandoned his perch and retook himself to the swamp.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

THURSDAY, NOVEMBER 26, 1891.

THERE are ten men in New York whose aggregate wealth reaches the enormous sum of \$800,000,000, an average of almost \$100,000,000.

MINNEAPOLIS gets the Republican National convention and the only way her old rival, St. Paul, can get even now is for the latter to capture the Democratic National convention.

IN 1890, the Republicans had a majority of fourteen in the U. S. Senate. Their majority now is only four, and they would be in a minority there, as most every place else, if they hadn't made several States out of the "mining camps" of the far West.

UNDER the call for the Republican National convention, Kentucky will be entitled to twenty-six delegates—four at large, to be selected by the State convention; two for each Congressional district, to be chosen by district conventions. Look for a lively scramble among the faithful for a place on the delegation.

THERE are ninety-three Republican papers in Ohio supporting Senator Sherman for re-election, while twenty-seven oppose him. When Foraker's mouth-piece, the Commercial Gazette, began advocating the unseating of Brie, it was a virtual acknowledgement that there wasn't much show for Joey B. against Sherman.

A REPUBLICAN candidate for State Senator in New York made oath, according to a law of that State, to the amount of his campaign expenses. The sum was \$5,449, while his salary is only \$1,500 per annum. With a Legislature as close as the Empire State's it will be an easy matter for him to get even, if he is disposed to be corrupt.

It has been brought to light that the successful People's party nominee for Common Pleas Judge in the district across the river contributed \$200 to the Republican campaign fund. He had always figured openly as a Republican, but this time it was done secretly, and he simply used the P. P. as a cat's-paw to pull that Judgeship chestnut out of the fire.

MIDDLEBOROUGH has wisely concluded that she has been putting on too many airs for a city of 7,000 population, and there has been a general overhauling of the officers and a cutting down of salaries. The offices abolished are the following, with salaries attached per month: Council's Attorney, \$50; City Physician, \$25; Health Officer, \$50; Pound Master, \$36; Assistant Work Boss, \$37.50; Assistant Engineer, \$75; Street Commissioner, \$108.33; City Collector, \$108.33. Two patrolmen at \$70 per month are dispensed with, the six remaining receiving a rebate of \$10. The salary of the City Judge is reduced \$40.66; that of the Jailer, \$10; that of the City Engineer, \$62.50, and the Fire Chief, \$5. The new office of the Superintendent of Schools is placed at \$25 per month, instead of \$100, and so on down the list to the smallest office-holder. The city has been going at too rapid a gait, and the new administration is putting on the breaks.

"Sixteenth Kentucky" Re-union. The re-union of the Sixteenth Kentucky and survivors of the battle of Franklin will take place next Monday at Joseph Heiser Post's headquarters, this city. All contributions should be sent to the Cox Building by Thursday, November 26th. Major General J. D. Cox, of Cincinnati, will be present, and General E. H. Hobson, of Greensburg, Ky., is expected also.

For the Children.

Our readers will notice the advertisements in these columns of Chamberlain & Co., Des Moines, Iowa. From personal experience we can say that Chamberlain's Cough Remedy has broken up bad colds for our children and we are acquainted with many mothers in Centerville who would not be without it in the house for a good many times its cost and are recommending it every day.—Centerville (S. D.) Chronicle and Index.

Twenty-five cent, 50 cent and \$1 bot-tles for sale by Power & Reynolds.

Thomas Neely Ralston, D. D.

A telegram from Newport brought the sad news of the death of Rev. Thomas Neely Ralston, D. D., at 5 o'clock last evening at his home in Highlands back of that city. Deceased was nearly eighty years of age, and was one of the pioneer Methodist preachers of Kentucky. He was married twice, his last wife surviving him. She was Miss Mary W. Phister, only sister of Dr. John P. Charles and C. M. Phister, of this city. The date of the funeral and place of burial have not been announced.

RESERVED SEATS AT NELSON'S.

"A Bunch of Keys."

The piece is well known to the theatre-going public, and nearly everyone has either seen or heard of the funniest of all comedies. It abounds in the most ridiculous situations, witty sayings and music of the kind that receives many encores. The company consists of mostly all new talent this season, and but five of last season's company are in the cast. The company this season is Ada Bothner, Annie Whitney, Juliette Marco, Blanche Nichols, Lillian Drew, Lee Harrison, W. C. Crosbie, W. H. Murphy, Byron G. Harlan and Wm. Smith. There is an abundance of bright music and songs, pretty costumes and appropriate stage settings, says an exchange.

It will be at the opera house next Saturday night. Tickets now on sale at Nelson's.

Didn't Get His Thanksgiving Dinner.

About half past eleven o'clock last night a burglar was discovered in Mr. W. H. Wallingford's grocery in the Fifth ward. Parties were stationed at the front and rear doors, and it was thought that Mr. Thief couldn't possibly escape.

But he made a sudden break for liberty through the front door. The parties stationed there were taken by surprise, but seized him and had quite a scuffle.

The thief finally got out of their clutches and escaped, minus his hat and a sack of groceries. It is said he was identified during the scuffle, but no arrest has been made. He had entered the grocery by opening the front door with a key.

River News.

Still rising fast at this point. The new Telegraph passed down last night.

The Iron Age and Ironsides are en route to Cairo with 6,120 tons of steel rails and spikes.

Due up to-night: St. Lawrence for Portsmouth at 9 p. m., Boston for Pomeroy and Keystone State for Pittsburgh at midnight. Down: Bonanza this evening and Carrollton late to-night.

Here and There.

Miss Fannie Fleming, of Flemingsburg, is the guest of Dr. and Mrs. John T. Fleming.

Miss Etheline Wall, a student at Miss Armstrong's school, Avondale, Cincinnati, came home last evening to spend Thanksgiving.

Mr. James Whitcomb Riley, the "Hoosier Poet," arrived at 10 o'clock this morning. He was accompanied by Mr. Thomas R. Kackley, of Indianapolis, a brother of Miss Margaret Reid Kackley.

THERE is no abatement in the interest in the Moody-Lucas debate at Dover. Twenty-five people went down from Maysville Tuesday, and another large crowd yesterday and to-day. The discussion will close to-morrow.

LOVE LINKS.

One of Maysville's Leading Young Attorneys Weds a Charming Bride.

The Wood-Durrett Nuptials at Washington—Armstrong-Chanslor Wedding at Millersburg.

The joyous wedding bells are still ringing, heralding the union of happy hearts in the silken cords of matrimony.

The announcement that the nuptials of Mr. Clarence L. Sallee and Miss Lulu Mitchell would be solemnized at the Christian Church yesterday afternoon attracted a large crowd to that edifice at 4 o'clock, the appointed hour. The morning with its dark clouds and fast falling snow was a rather gloomy one for a wedding day, but at noon the clouds broke away and the November sun smiled down in benediction on the happy union.

The church had been darkened and the room was lighted by the softly burning gas from the many jets of the large chandelier. The couple's wish that there be no decorations had been disregarded and a simple arrangement of palms and other tropical plants formed a very pretty background for the nuptial scene. Miss Anna Shackleford presided at the organ.

Commonwealth's Attorney James H. Sallee and Deputy Circuit Clerk Charles Parry, two of the ushers, preceded the contracting parties as they entered the church, and as these approached the altar by the west aisle, the officiating minister, followed by Messrs. John Duley and Geo. W. Rogers, the other two ushers, entered and approached by the east aisle. In the absence of the pastor, Rev. C. S. Lucas, the ceremony was solemnized by Rev. J. E. Wright, pastor of the M. E. Church, South. The simple but impressive service of the Methodist Church was used.

The bride is a niece of Mrs. Wm. Hunt

of West Third street, with whom she has made her home since the death of her parents in her early childhood. Of a petite figure, sunny disposition, graceful manners and pleasant and vivacious in her conversation, she is one of Maysville's most charming young ladies. She was attired in a very neat traveling costume of tan-colored, tucked crepon.

The groom is a lawyer by profession, and is one of the leading and most successful among the younger members of the Maysville Bar. He is a son of the late Elder Sallee of Fern Leaf. He and his bonnie bride have a wide circle of friends in Maysville and surrounding country and are loved and esteemed by all.

Shortly after the ceremony the newly wedded left on the steamer St. Lawrence for Cincinnati where they will spend a few days. On their return they will take up their residence on Court street, the groom having fitted up pleasant rooms over his law office.

The BULLETIN joins in the congratulations, and wishes the happy couple bon voyage through life.

WOOD-DURRETT.

Mr. Richard W. Wood and Miss Mary Porter Durrett were married at 8 o'clock last evening at the home of the bride's father, Mr. W. H. Durrett, near Washington. Rev. W. T. Spears, pastor of the Presbyterian Church at that place, officiated. It was the event of the week in Washington's social circles, and was attended by quite a crowd of the relatives and intimate friends of the couple. The groom is a prosperous farmer, while his bride is one of the lovely and accomplished young ladies of that precinct.

ARMSTRONG-CHANSLOR.

At the M. E. Church, in Millersburg, yesterday afternoon, the nuptials of Mr. Frank Armstrong of this county and Miss Elizabeth Chanslor were solemnized, the pastor of the church officiating. The groom is a son of Mr. and Mrs. John Armstrong of "Edgewood," while his bride is a daughter of Mr. Isaac Chanslor, an ex-citizen of Mason. The couple were tendered an elegant reception at "Edgewood."

THE "Ladies' Parlor" has just received a full line of confectioneries of every description. Everything fresh, clean, new and of the very best quality, at bottom prices. Remember the place—a few doors east of Ort's furniture store. 25d2t

YOUNGSTOWN, O., Council has passed an ordinance making it an offense for any child under the age of fourteen to be found on the street after nine p. m., unless accompanied by their parents, guardian, or some one lawfully in charge of them.

RIPLEY is reaching for Russellville's canning factory. During the canning season the establishment employs from 75 to 125 persons, and affords a good market for fruits and vegetables. Mr. William Tucker, of Russellville, raised 506 bushels of tomatoes on one acre of ground, for which he received \$113.

8 EAST SECOND STREET.

REBELLION IN CHINA.

It is Spreading Over the Northern Provinces.

GREAT ALARM FELT AT PEKIN.

The Rebels Are Advancing in Masses Upon That City, Being Rapidly Reinforced from the People and from the Army—All the Christians at Kinchow Have Been Massacred.

SHANGHAI, Nov. 26.—The special correspondent in China of the United Press is able on the best of authority to state that the rebellion, for it is really a rebellion, is spreading rapidly in the northern provinces. So much so that there is considerable alarm felt at Pekin and in its neighborhood.

The rebels are advancing in masses upon Pekin, and they are being joined en route by reinforcements from the people and from the army. Several squadrons of the so-called regular cavalry have already joined the rebels in addition to bands of deserters from the troops classed as regular infantry. Finally the rebels have been joined by a number of mandarins and, each day, their strength and audacity are increasing.

All the Christians at Kinchow have been massacred.

There is a city called Kin-Chow on the peninsula known as the "King's Sword," north of the Gulf of Corea, and there is a large and populous city, known as Kin-Choo, King-Choo-Foo, or Kin Ghoo. It is in the province of Hoo-Ro and on the left bank of the Yang-tse-Kiang.

News of the Massacre Confirmed.

PARIS, Nov. 26.—A dispatch from Pekin confirms the statement recently made that armed bands of rioters have devastated a whole district in the northern portion of China, and that they have burned and pillaged the Belgian mission stations. At Tayon and Sanchi over a hundred converted natives were massacred, and at Sehol the Belgian priest in charge of the mission and a number of other Christians were killed.

The local governor places the blame upon bands of Mongolian robbers who, he says, raided the district referred to.

Earl Lytton's Funeral.

PARIS, Nov. 26.—It has been practically decided that the remains of the late Earl of Lytton, the British ambassador to France, who died suddenly at his residence in this city Tuesday afternoon, will be interred at Knebworth, Hertford, so soon as the necessary arrangements can be made. At the request of the poet and diplomat no flowers are to be placed upon his coffin, and in all other respects the funeral will be of the most simple description.

Private Bankers Falling.

HAMBURG, Nov. 26.—The failures of private bankers continue. The public seem to have lost faith in that method of deposit, and there is a steady drain everywhere on the resources of private banking houses. The latest to give way is Banker Kneuppel, of Osten, who has failed for 500,000 marks, with very limited assets in sight. Herr Kneuppel is charged with criminal mismanagement of his business, and has been put under arrest.

Ocean Vessel Wrecked.

LONDON, Nov. 26.—The Florence, from Hartlepool, in ballast, for Philadelphia, went ashore in a storm and became a total wreck, near the small coast town of Newburg, about ten miles from Aberdeen, Scotland. A coast guard went to the rescue of the crew.

Theater Burned.

BERLIN, Nov. 26.—The Grand Ducal theater, at Oldenburg, was destroyed by fire Wednesday night. The fire occurred after the performance, and no one was injured.

HEROIC GIRL.

She is Badly Burned Trying to Save Her Sister's Life.

VEVAY, Ind., Nov. 26.—Jerry Ellis, of Lamb, this state, was slaughtering hogs and without extinguishing the fire under the kettle used for heating the water, went into the barn to do some work, the building being quite a distance from the house.

During his absence his youngest child wandered from the house and began playing about the fire in the yard. Her clothing caught fire, and her older sister, who had just returned from school, was taken to the spot by the burning girl's cries. The girl picked her sister up and threw her into a barrel of water, but not until her hand and arm were almost burned to a crisp. The younger child died a few hours later.

Express Robber Arrested.

DENVER, Nov. 26.—William Parry, another of the alleged Rio Grande express robbers, was arrested Wednesday, and is now in this city in close confinement in the United States marshal's office. It is understood that he has made a full confession, implicating all those already arrested and others who have not yet been arrested.

Caught on the Benefit Scheme.

MUNCIE, Ind., Nov. 26.—The collapse of the national congress of Friends insurance lodge caught about fifty members in this city, who are losers \$43 each. The lodge has about 4,000 members, with headquarters at Boston. The scheme was, after a \$2 monthly assessment for five years, the member was entitled to \$1,000.

More Miners to Strike.

BRAZIL, Ind., Nov. 26.—Enough has been learned of the action of the mining committee here to say that the block-coal miners will strike if the bituminous miners, at their meeting at Terre Haute, will do the same. Many more miners have left here. Several bituminous mines are in operation.

Packing Plant Burned.

DALLAS, Nov. 26.—The entire plant of the Dallas Dressed Beef and Packing company was burned late Wednesday night. Loss, \$200,000; insurance, \$51,600.

INDIANA MOURNS.

Funeral Services Over the Remains of the Late Alvin P. Hovey.

INDIANAPOLIS, Nov. 26.—Borne by six stalwart policemen, attended on either side by the dignitaries of the state and the judges of Indiana's courts, all that was mortal of Alvin P. Hovey, late chief executive of the state, was conveyed to the flag-draped hearse in front of the capital, and hence borne to the funeral train that awaited at the Union station.

It was just 10 o'clock when the funeral cortège assembled around the bier and prepared to take the remains to their last modest resting place in the cemetery at Mount Vernon. The hearse was draped with the stars and stripes, and just in front formed eight Grand Army posts and a detachment of the state militia, while to the rear the state officers and the honorary pallbearers, with Governor Chase and Private Secretary Roberts next to the bier, formed in line and marched to the station. Thousands of citizens lined the sidewalks along the line of march and pressed their way into the station to see the funeral train start upon its sad journey.

The train was a special on the Vandalia and left the station at 10:30 o'clock. It consisted of four coaches and a baggage car, the last coach being the private car of President Riley McLean, which was tendered for the use of the family and immediate friends and the representative of the state. Committees from the eight Grand Army posts of this city, detachments from the several state militia companies and a number of private citizens occupied the remaining coaches and remained in Mount Vernon till the obsequies was over.

The train made stops at Terre Haute, Vincennes and Evansville, where the people were permitted to pass through the train and take a farewell look at the face of the dead, stops of thirty minutes for this purpose being made at Terre Haute and Vincennes and of two hours at Evansville. The train reached Mount Vernon at 7 o'clock Wednesday evening, and the body lay it state at the late residence of the deceased until 2 p. m., when it will be interred with Grand Army rites.

At Mount Vernon.

MOUNT VERNON, Ind., Nov. 26.—The train bearing the remains of the late Governor Hovey, arrived at 8:18 o'clock Wednesday evening. At Vincennes the remains lay in state for thirty minutes and were viewed by 5,000 people. A stop of three hours was also made at Evansville at the earnest request of the citizens of that place. On the arrival of the train here the body was received by Harrow post, G. A. R., and conveyed to the residence of Mayor G. V. Menzies, son-in-law of the governor, where they lay in state from 8 o'clock until noon.

The funeral takes place at 2 o'clock. The religious services will be conducted by the new governor, Ira Chase, who is a Christian minister. The city is draped in mourning, and all unite in showing respect to the dead governor.

FREIGHT WRECK.

One Man Killed and Five Others Injured on the Rock Island Road.

TRENTON, Mo., Nov. 26.—One of the worst wrecks that has occurred on the Rock Island road for years happened Tuesday night at Alberto, Ia., forty-eight miles north of Trenton, by which Engineer Thomas lost his life and five other trainmen were seriously injured. All of them resided here. Engineer Thomas and Conductor Ward were going east with a freight train, and by an erroneous understanding of orders ran by a station at which they had stopped. The trains came together at full speed, throwing both engines down the bank clear of the track.

Engineer Thomas remained at his post and was found buried under his engine with his body cut in two. The other men jumped off and were more or less injured. The body of the deceased engineer was brought home. He was a member of Godfrey de Bouillon commandery, Knights Templar, and the engineers' brotherhood, and was one of the oldest men in the employ of the company.

PEACE IN BRAZIL.

Fonseca's Resignation Puts an End to All the Trouble.

LONDON, Nov. 26.—An attache of the Brazilian legation said: "There can be no doubt that the resignation of Fonseca has put an end to the troubles in Brazil. As for Rio Grande do Sul, it would be madness for that province to attempt a separate existence. The province could not hold out against the United States of Brazil, and besides it would be ruined financially by independence."

"The credit of the small independent states of Central and South America is not in such a condition as to make it desirable for an enterprising province like Rio Grande do Sul to join the number. No; the revolution is over and the republic of Brazil will remain one and indivisible."

Profit Sharing Scheme a Success.

FALL RIVER, Mass., Nov. 26.—A circular has been issued by the treasurer of the Bourne mills to the employees stating that the profit sharing scheme will be continued after six months from January, 1892, the conditions to remain as before. This is the sixth time the scheme has been endorsed by the directors of the corporation.

Hotel Destroyed by Fire.

MARSHALLTOWN, Neb., Nov. 26.—The Fremont, the leading hotel, took fire from an exploding barrel of tar, being used in repairing the roof, and was totally destroyed, together with the stock of various firms in the adjoining block. Loss, \$70,000; partially insured. A fireman fell from the third floor but escaped serious injury.

Knocked from a Trestle by a Train.

WASHINGTON C. H., O., Nov. 26.—John Blackmore, Sr., was crossing the trestle on the east fork of Paint creek Wednesday night, when the train over took him and hurled him into the creek his foot being terribly mashed. Although seventy years old the crippled man swam ashore. The train was stopped and brought him into town.
